# POWER SUPPLIES

# Power Supply Series

Our Power Supplies are energy-saving systems that accommodate a wide variety of requirements. We offer 12V and 24V options that range from 60W to 240W.

Combining these products with our LEDs ensures you get the best performance out from them while being in full compliance with our warranty.

Most popular and best seller! The only category that offers a plastic or metal housing option.

## 60 WATTS

### ALA-60-12

- Plastic case with encapsulated design
- Class 2
- IP67
- 12V

### VAL-60-12

- Fire-retardant rating UL94 V-0
- Class 2
- IP68
- 12V

### VAL-60-24

- 100-277VAC nominal input voltage
- Class 2
- IP68
- 24V

## 100 WATTS

### VAL-100-12

- Dual output, 3.9 Amps per output
- Class 2
- IP68
- 12V

The Dual Output feature is to ensure the product is Class 2 compliant.

### VAL-100-24

- 4 Amps per output
- Class 2
- IP68
- 24V

## 150 WATTS

### EVE-150-12-II

- Three outputs, 4.16 Amps per output
- Class 2
- IP68
- 12V

This option has three outputs so it could be Class 2 compliant.

### EVE-150-12

- 12.5 Amps per output
- IP68
- 12V

### EVE-150-24

- 3.2 Amps per output
- Class 2
- IP68
- 24V

## 240 WATTS

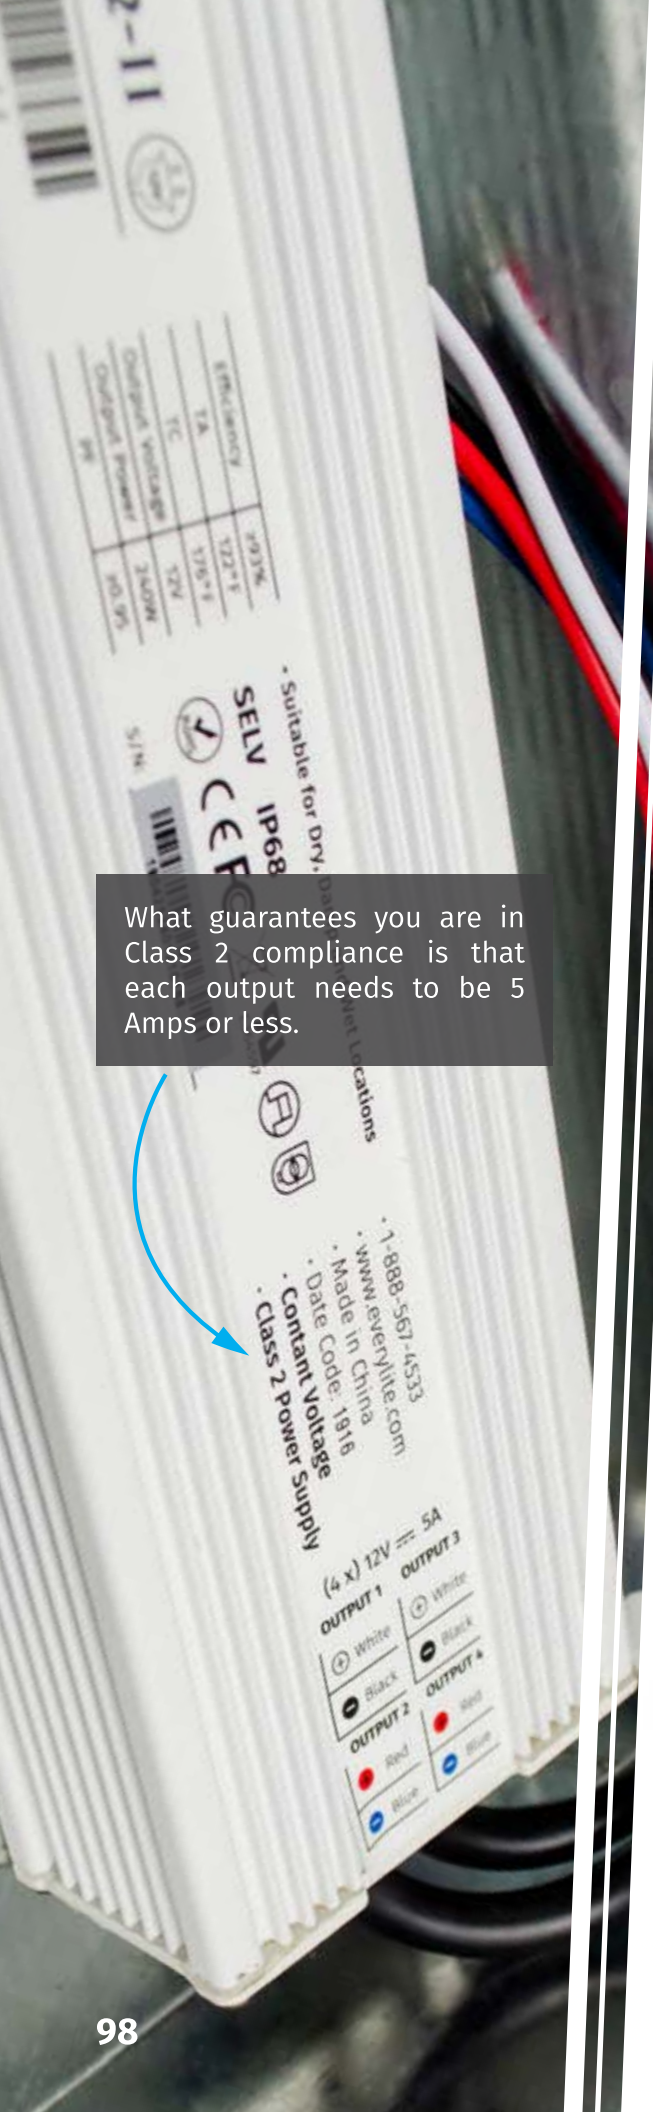

### EVE-240-12-II

- 5 Amps per output
- Class 2
- IP68
- 12V

The highest wattage option we offer! This product is Class 2 since it is 5 Amps per output.

What guarantees you are in Class 2 compliance is that each output needs to be 5 Amps or less.

# Power Supply Enclosure

There are knockouts placed on each side of the box for easy wiring.

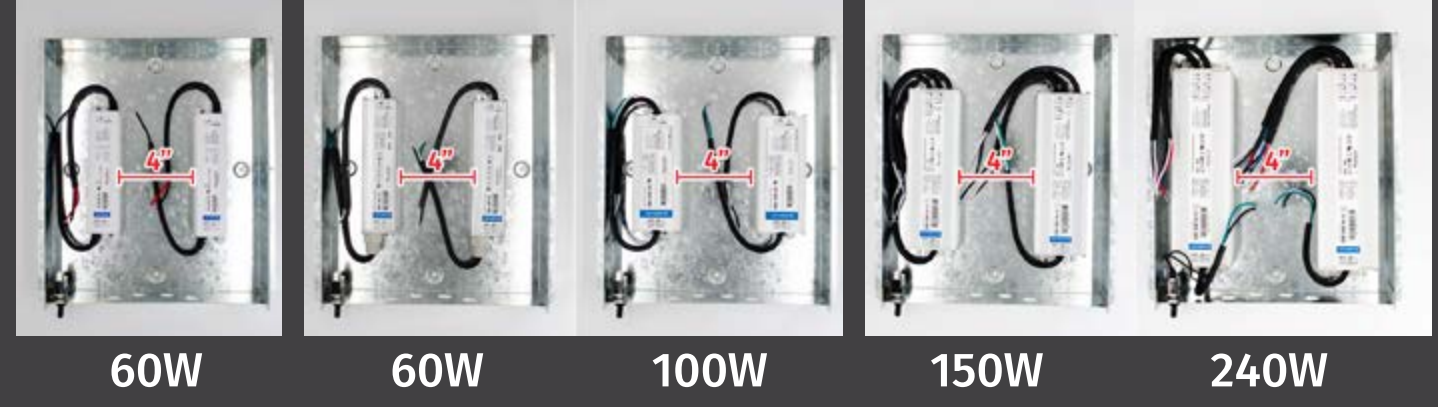

The knockouts in the bottom are for easy mounting.

The switch is UL Outdoor Rated.

The holes are created for an easy wiring process.

## We are compliant with UL Regulations

We decided to launch this product after determining that our customers wanted a better solution than what was available in the market. The two most important features about the boxes are that they are UL Listed and Cost-Effective.

2 different sizes are being offered, Single and Double. This product is so versatile that you can fit most of our power supplies on either size.

Double PSE-02

Single PSE-01

*An extra level of confidence when installing our Power Supplies.*
